You And Me

I feel so lost I feel so sad  
All those ghosts still in my head  
I don't know how don't know when  
So I just pretend  
So I wish that you and me  
Could take a drive and be right free  
We'll see what we will find  
Just have some piece of mind

Chorus:

Pack your things together  
So that we can go  
You and me together  
That's all I need to know  
Tell those people at your work  
Tell them that we'll go  
You and me together  
That's all they need to know

All those people asking why  
Why don't you fight  
Why don't you try  
They miss the point  
I'm trying to make  
I need a life I need a break  
So I wish that you and me  
could take a drive and be right free  
we'll see what we will find  
just have some piece of mind

Chorus

Bridge

Stop pleasing everyone  
Afraid not being loved  
Don't change your way to find their answers  
Just go on through they'll follow you  
Cause all you have to say

Chorus
