

Mojave 3 "Between The Bars"

Visit "[Between The Bars](#)" on MotoLyrics.com

I thought I saw you with the boys
Laughing hard between the bars, between the bars
You always were pretty good at getting high
For someone so small, for someone so small

Still remember how you danced
Laughing hard between the bars, between the bars
You always were pretty good at getting high
For someone so small, for someone so small

You always said that this time was not enough for me
You were so right, you were so right

I swear I won't let go
This time I swear I won't let go
I swear I won't let go
This time I swear I won't let go

I swear I won't let go
This time I swear I won't let go
I swear I won't let go
This time I swear I won't let go
