Said you never felt so strange  
Said I never felt so strange  
Hanging out with the drifters  
The poets and the painters that fill your head

No, I never wanted much  
No, I never wanted much  
And we're old enough now  
To know you never want it till someone does

Don't you think you should try a little  
To make it all come clean?  
Is this highway a road to love or  
Just a way to get to him?  
What you gonna get out of nothing?  
'Cause nothing is the way it seems

I saw you in the silence  
I saw you in the darkness  
Crawling through the pillars of your pain  
I saw you in the silence  
Crawling through the pillars of your pain

Judy, I can see your smile  
Running with your hair all wild  
Running for the weekend  
Looking for the daylight in your eyes

Don't you think you should try a little  
To make it all come clean?  
Is this highway a road to love or  
Just a way to get to him?  
What you gonna get out of nothing?  
'Cause nothing is the way it seems

I saw you in the silence  
Saw you in the darkness  
Crawling through the pillars of your pain  
I saw you in the silence  
Crawling through the pillars of your pain  
Of your pain, of your pain, of your pain
