Strawberry chambermade in summertime
I feel so fine
Obnoxious things and all that stuff
Are really out
I'd like to know where you have gone
Now that we all have such fun
We got big beats we got big kiss
It's a bliss
Feels like I'm in heaven
Oh I feel so fine
If you were only here my friend
You would have a real cool time
A real cool time
Special volcano that you are
Why did you have to go so far
I'm sure you'd like it just like this
