body on the floor
floating up in silence
piece that passed me by
so undead
your face was glowing
your gone
the saints said pass me by
your gone
angels crashing down
falling all around me
broken wings lay low
surround me so when we ???
i don't want to see this
i don't want to feel this way
your face was glowing
your gone
the saint said pass me by
your gone
angels crashing down
falling all around me
broken wings lay low
surround me so when we ???
i don't want to see this
i don't want to feel this way
i'm not afraid
down and down we ???
lost in all these sightings
thats what held your frame
they lifted fragile fingers
your also left to help
they lifted fragile fingers
your also left to help
