[CHORUS]

Do you see me crying? No.  
I'm not reachin' for a tissue  
I'm just sayin' how I feel:  
It's crazy, but I miss you.

This year you've been with drugs and deaths  
I know. So what? Me too.  
Just let me tell you what's up:  
It's crazy, but I miss you.

[VERSE]

Wow, things have gone  
So crazy since then  
Now I don't feel anything  
I feel like one of them

And nothing I can do  
Stops me thinking of you  
Driving, I always scan for your car  
But it seems you're always too far

So I wonder if you're the same  
Or can you even recall my name?  
Cuz God has a plan, I know  
But maybe I'm just too slow

But I wanna let you know.

[CHORUS]

Maybe my love is unreturned  
In which case I don't care  
A million guys will take me then  
I won't lose a hair

But if you start to think of me  
Late at night, say 2 or 3  
And you've been wanting; waiting for me

I might tell you I love you

So call me late, or e-mail  
Does it look like I care?  
So long as I see you some day  
All my worries'll wash away

[CHORUS]

Only if you like me I'll admit I like you  
It's immature i know it, but it's just how I do  
You used to feel that way, but still do you?  
Hell, I miss you

And I've gone crazy  
And I'm not playin games  
And I don't care if I break  
My own rule, who's to blame?

I'll just spit out the truth  
I don't care what you think

Cuz I miss you baby...  
And I want you baby...

And I don't care if I suck,  
I don't care who you fuck,  
I don't care, I don't care,  
Just hold me.

I know...it's crazy.
