"Enhanced By Your Touch"

Your presence froze me the first time
It's filling me with feelings
I'm high on your scent
Your heaven scent

Your poisoned thorns
Still tug at my flesh
I admire your splendour
I yearn for your healing touch
I'm enhanced by your touch

The ecstatic seas of fulfilment
Rush through me
My heart pounds one last time
For one last time...

Your poisoned thorns
Still tug at my flesh
I admire your splendour
I yearn for your soothing touch
Now I'm enhanced by your touch
