You gotta speed it up
And then you gotta slow it down

'cos if you believe that a love can hit the top
You gotta play around
And soon you will find
That there comes a time
For making your mind up.
You gotta turn it off
And then you gotta be sure that it's something
Everybody's gonna talk about
Before you decide
That the time's all right
For making your mind up.
So let your indecision
Take you from behind

Trust your inner vision
Don't let others change your mind.

And than you're really gonna burn it up
And make another fly - by - night

Get it'll turn out right
And when you can see how it's gonna be
You're making your mind up.
And try to look as if you don't care less

But if you wanna see some more

See if the rules of the game
Will let you find the one you're looking for
And then you can show that you think you know
You're making your mind up.
So let your indecision . . .
You gotta speed it up

. . .
