I've been checking you up  
I've been tracking you down -  
Funny all the things that I've found.  
Was it any surprise? Didn't you realize? I must  
apologize.  
It doesn't matter what I do to you  
'cos everything you tell me is boring.  
It doesn't matter what I say to you  
'cos you've got that look in your eyes.  
My camera never lies - my camera never lies

So I put you in the picture and cut it down to size.  
Oh oh  
my camera never lies anymore  
'cos there's nothing worth crying for

There's nothing worth crying for

My camera never lies anymore.  
trying to cover the trail  
trying to head for the line

Wonder why you're wasting your time  
With another disguise

'cos there's no compromise when the negative is dry.  
It doesn't matter what I do for you

'cos everytime you take me I'm sleeping.  
It doesn't matter how I try for you

I can see by the look in your eyes.  
My camera never lies - my camera never lies  
...  
My camera never lies - my camera never lies  
...
