When I was just a kid I couldn't wait to be a man.
Now that I'm a man I'll be a kid as long as I can.
I took everything I ever had and I buried it in the
ground.
And when I dug it up I couldn't believe what I had
found.
Small was big and time was slow and I forgot what I
once was.
And everything we ever did was for the reason just
because.
I did what I was told to do and taught all that I know.
And I buried my dreams in the ground and decided to
let em go 'cause...

We're gonna live - FOREVER!
We live our lives until we choose to die.
And when we die, gonna die - TOGETHER!
And let know happy times be cast aside.

I've worked many jobs and I quit 'em all and I'm always
moving on.
'Cause the feeling I get when I do the same shit it
makes these days seem wrong.
Now I'm running around with my head cut off and
doing what you say.
I've done it every day and all your way working for your
shitty pay.

We're gonna live - FOREVER!
We live our lives until we choose to die.
And when we die, gonna die - TOGETHER!
And let know happy times be cast aside.

But I keep my head up and I keep looking forward
'cause I know what I'm here to do.
I'm gonna live my life and walk with pride and I'm
doing it all for you!
They can't take it away 'cause I do what I say and I'm
doing it till the end.
I'll wrap my arms around you and always help you
through and we can make it with just a friend!

We're gonna live - FOREVER!
We live our lives until we choose to die.
And when we die, gonna die - TOGETHER!
And let know happy times be cast aside.

We're gonna live - FOREVER!
We live our lives until we choose to die.
And when we die, gonna die - TOGETHER!
And let know happy times be cast aside.
