I remember the day i gave you a place deep in my heart.

I never thought i'd be such a fool in fall for you  
The way you treat me like a star  
The way you tease me with your fingers  
All your crazy styles  
They all make me smile

But before it bloomed you left too soon  
Without telling me why there's nothing i can do but say

I'll be alright without you, i'll be alright  
And if you say you're sorry  
I might not know what to say  
I'll be alright without you, i'll be alright  
And if you say you're sorry  
I might not know what to say

A little taste of your breath with sweet caress was all i needed  
You're the first in a thousand freaks that i adored  
The way you treat me like a star  
The way you tease me with your fingers  
All your crazy styles  
They all make me smile

But before it bloomed you left too soon  
Without telling me why there's nothing i can do but say

I'll be alright without you, i'll be alright  
And if you say you're sorry  
I might not know what to say  
I'll be alright without you, i'll be alright  
And if you say you're sorry  
I might not know what to say

I'd be still here standing where you left me in the cold  
Waiting for answers to appear  
Is there someone, someone i can put the blame

I'll be alright without you, i'll be alright

And if you say you're sorry  
I might not know what to say  
I'll be alright without you, i'll be alright  
And if you say you're sorry  
I might not know what to say
