I never wanted nobody  
Coz all I want is you  
Even when the promises  
You made you broke just yesterday  
I still love you,  
I still love you

CHORUS:

Say what you want  
Say what you need  
Say anything, everything  
Even if it's something I don't wanna hear,  
Even if it's something I don't wanna do  
For you, I will...

I wake up late every evening  
To play with the drawing of you  
It drives me crazy  
I often hit my head with my shoe  
This much is true

If you fix the day for me it's great  
I hate it when you say less that you should  
Sometimes when I'm standing near  
It seems as though you don't even care  
That doesn't sound fair

CHORUS

BRIDGE:

Everybody needs a little inspiration  
[When you're down on a sunny day]  
I sit there alone thinking what I wanna say  
[But you'll never listen somehow]  
Our friendship die in every way  
Feeling so alone  
I don't wanna feel alone

CHORUS

Say what you want...  
Say what you need...

Say anything... everything...  
Even if it's something I don't wanna hear...

I never wanted nobody  
Coz all I want is you
