"Turn"

Everything you say gets clearer everyday
I no longer have to catch my breath
Each senseless conversation
Well I guess this is it then
Goodbye goodluck to you

Where no longer seeing eye to eye and still
I allowed myself to be fooled again
Without any explanation
Will I guess this is it then
Goodbye goodluck to you

Turn your back now
And go your own way
Want you to stay

Whatever you do will come
Haunting you come what may
I hope you enjoy your time alone
While youre listening to this song

Why would I want you to stay
Is it simply because I still love you
Come what may
