Walking lost, holding a cigarette
Don't let it go
Thinking of you
Cause there's nothing else to do
My mind is all wasted
Gets harder to start a new
D
Shattering moments making hard to face the truth
Though your there waiting for something
Wanting to feel still the same thoughts
Lay inside your head making you break down and cry

Wake up reality bites
Can't move just slide down and crash
Cause I am breaking down
Struggling with the thought
Still buying down with the same burden oh
I want this to change
I want this to go away
Stood all by myself now with only a memory

Lying in a different bed
Waiting the past just haunting me
OhÃÂ
Flashes inside my mind
Over and over again
I've been insane
