Believe

Yeah Yeah

You're wasting away
And you just can't take it
you just can't fake anymore

I needed to say
That there's no use crying
But I won't lie
It won't be easy with your heart this way
But you don't wanna make it alone

Chorus:
'Cause you gotta believe
That there's somebody out there
gotta believe
that it's all in your hands
gotta believe
that there's somebody out there
Know that it's true
somebody waiting

It's always the same
And there's just no reason
there's just no pleasin' them all
You're hiding the pain
'Cause you can't reveal
That there's nothing real
left inside you
with your heart this way
But you don't have to make it alone

Chorus:
'Cause you gotta believe
That there's somebody out there
gotta believe
that it's all in your hands
gotta believe
that there's somebody out there
Know that it's true

Somebody waiting for you
Whoa oh
Somebody's waiting...waiting for you
Whoa oh

It won't be easy with your heart this way
but you don't have to make it alone.....

Chorus:
'Cause you're gotta believe
That there's somebody out there
You've gotta believe
that it's all in your hands
gotta believe
somebody out there
Know that it's true
Somebody waiting for you

Chorus:
gotta believe
That there's somebody out there
gotta believe
that it's all in your hands
gotta believe
that there's somebody out there
Know that it's true
somebody's waiting for you
oh oh oh
Whoa oh oh

Yeah
You Got to believe
Somebody out there
Know that it's true
