So Alone

You won't hear...that

You don't listen
anymore...
to anything that I say.
'nd I Don't wanna know
Or be there when you whisper
Someone else' name
It'll never be the same
I still wanna be with you

Chorus

I Don't wanna say goodbye
I Don't wanna ask you
why you gotta go
It's Breaking my heart
'nd I don't wanna let you go
Girl, it's a lonely road (on my own)
So it's time
to let you know...
that I won't let you go

*****Instrumental*****

Verse 2

I believe in you and me.
'nd I'm in need
And can't you see
I'm calling...
well [I'm] calling out your name
Baby you know [that]
I'm still in love with you
'nd everyday I see it's true
You're fallin'
more out of love with me
Well can't you feel that I...
I still wanna BE WITH YOU!

Chorus

'nd I Don't wanna' say goodbye
And I don't wanna ask you
why you gotta go
It's Breaking my heart
And I don't wanna let you go...
Girl, It's a lonely road (on my own)
So it's time I to let you know
That I won't let you go

I don't wanna' hear you say
that it's over
I won't let it be THIS WAY

Chorus

I don't wanna say goodbye
I don't wanna ask you
why you've gotta go
You're Breaking my heart...
I don't wanna let you go
Girl, it's a lonely road (on my own)
It's time to let you know...
Oh I won't let_ you__ go
Oh-whoa-o-oh

Time I let you know...
Oh I won't let you...

And I don't wanna say goodbye
And I don't wanna ask you why
Cause it's time...time I let you know
that I won't let you go
Oh oh o oh
