You're so jaded
A fortune fated
to lose your way
Whoa Whoa Why
can't you see it
Contented to be
in this world__alone
It's time you know
You've gotta...

Chorus:

Take a little bit of
love back
Take a little bit of
time to make it right
Get a little bit of
love back
You know there's
never time to cry
Whoa Whoa__Why?
Whoa Whoa__Why?

Verse 2:

You try to hold on
But it's so cold
on your own at night
Whoa Whoa I
do believe it
that you Are still
bleeding your heart away
Embrace the day!
Yeah-ah!

Chorus

Take a little bit of
love back
Take a little bit of
time to make it right
Get a little bit of love back
You know there's
never time to cry

Do you ever feel
the need to run and hide
There's never meaning
if you keep it all
Inside of you__ baby
Inside of you__ baby

You've been wishing on a star
that he would see
But nobody's gonna know you
quite like me now baby
Do you see me now__ baby?

Instrumentals

Yeah Yeah!
Well Take a little
(Love back)
Take a little bit of time
to make it right
Get a little bit of
love back
You know there's never time
No, there's never time
(Take a little bit of)
Love back
Take a little
time to make it right
And get a little bit
of love back
You know there's
never time to cry
Whoa Whoa__Why?
Whoa Whoa__Why?
Whoa Whoa__Why?
Whoa Whoa__Why?
