I'm just a part of you
I'm a door to your soul
I wanna walk right through
To meet the real you
It's a door I like going through

See you on the other side
No one else here fills me with pride
Filled with pride

Well it's the tunnel of love
As I float right down
The bright light at the end
Is What's pulling me there

Like a moth to a flame
Expose that naked flame

We'll be together
We'll be together for eternity

It's the door to your soul
Like a black hole
Like a whole world wide
Get sucked inside
Like a moth to a flame

Door to your soul
I wanna walk right through
