I'm so happy I could cry  
I'm so happy I could die  
And it feels so much better than misery  
That I can't go back no I won't go back

I used to be depressed but now my hearts at rest  
A troubled heart is such a pain  
And that just leads me on to wandering  
Who could bare one oh no no not me

C'mon baby don't be a slave to your emotion  
I know that you can look me in the eye  
And love me too and know that itr was true

I'm so happy I could cry  
I'm so happy I could die  
And it feels so much better than misery  
That I can't go back no I won't go back

I used to be depressed but now my hearts at rest  
A troubled heart is such a pain  
And that just leads me on to wandering  
Who could bare one oh no no not me

Not me  
I don't need it

This is where I bail out
