Serpent venom's got into my blood  
And the rush I get, through my soul it floods,  
Flying me high, so high in the sky.  
I'll tell you how I feel as I kiss you goodbye.

When the Serpent's fang bites into my flesh

There's a feeling I get, I want to relish,  
And I know that Serpent is ever so sly  
As he grips and twists at my side.

I'm so high, high in the sky,  
But the day's gonna come when I kiss you goodbye.

Fang marks show all over my skin;  
I gotta keep others from where I've been.  
Don't do as I do, do as I say:  
Nothing's so tortuous as the Serpent you obey.
