Chorus:

Big Syke daddy, take me away  
Somewhere that we can parlay  
(2x)

Verse 1:

You can be my girl, I'll take you 'round the world  
you'll like it, just call me Syke  
Might get a little heated, warm what's needed  
Problems let me treat it  
Tell them suckas they can beat it  
I'm all you will need  
I'll feed, ya starvin' passion  
At the right speed maxin' wid out crashin'  
Ain't no love like the love I'll show ya  
(Yeah I like it), See I told ya?  
Believe good things come to those who wait,  
But now that you got it don't hesitate, my soulmate,  
I'm searchin' for her through the universe  
You will cum first alot ah pleasure but it's worth it  
Every minute, the prize you winnin',  
Windows tinted, the corners we bendin', HEY!

Bridge:

Just try it, and you will like it  
Just treat me right, and I'll keep it tight  
Day and night, I think of you  
There's nothing that I wouldn't do for you

Chorus:

Big Syke daddy, take me away  
Somewhere that we can parlay

Verse 2:

Baby you ain't gotta ask what I got or what I'm givin',  
It's first class even though I'm thug livin'  
Big Syke devoted to the life  
Whether Benz or bike doing things you like  
Call me satelite baller ya girlfriend watcher  
In her eyes I see en-vy...

She can wink her eye but ya best believe,  
She won't be with me...  
I'll be sick, you the flyest and Bonnie ah your clique  
So when it came to choosin' you the one I had to pick  
So stick with me or be history like the rest  
Gimme the test so we can chill and release stress  
You can tell me your deepest secrets and wildest  
dreams  
And I'll tell you war stories and crazy things  
Although it seems I'm too rough,  
I got enough sense to put it down in the bed I  
commence,  
To rinse your troubles in bath bubbles is all we need  
Satisfaction guaranteed, you will like

Chorus (2x)  
(woman making noises)
