(Jarva et al)

So divineÂ...And so godlikeÂ...
The substance that runs in your, runs in your, runs in
your veins!
(That runs in your veins!)

EtherealÂ...IchorÂ...
The same substance that rinses and rinses and rinses
the
planes! (Then washes away!)

And then you know that the end is nighÂ... X It's
coming down
now! Becoming ours! X And then you know that the end
is nigh!

All of the powerÂ... And the glory that you held is now
fading and
fading and fading away! (Now fading away!)

Is your skylineÂ...still darker?
Is your star shining brighter and brighter and brighter
than mine?
(Well, I don't think so)

All ye pretty ones: You've had your Seasons in the Sun
It's time to fall into oblivion!

All ye pretty ones: You've had your 15 minutes now
It's time to fall, it's time to fallÂ...

Down! It's coming down now! X And then you know that
the end

is nighÂ... X It's coming down now! Becoming ours! X
And then
you know that the end is nigh!

X Solo MV X
I remember the older times
When the gods were still youngÂ...
So full of power, and full of rage, full of pride
Now those days are goneÂ...Â...Â... (And never to
return!)

X Solo AR X

All your powerÂ...And your glory
Is now running and running and running and running
now in MY
veins! ('til someone better comes along!)

All ye pretty ones: You've had your Seasons in the Sun
It's time to fall into oblivion!

All ye pretty ones: You've had your 15 minutes now
It's time to fall, it's time to fallÂ...

Down! It's coming down now! X And then you know that
the end
is nighÂ... X It's coming down now! Becoming ours! X
And then
you know that the end is nigh!
