[Jarva et al.]

Can you hear the BIG WHEEL TURNING?
Take a ride with the BIG BAD BLACK MACHINE!

So you wanna play a part in the so-called "BRAVE NEW
WORLD"?

You say you're gonna ride that WAVE and be there
when it's
HAPPENING.

You say that you will take part to the so-called "GREAT
EVENT".

Just how you're gonna make it to the BOOKS and build
the FUTURE

If you step DOWN from your tower
You'll see a world that is GONE
And when you look at YOURSELF you'll see that you're
gone

- Yeah, You're gone NOW!

This ain't your PIPE DREAM, babe!

This is what's HAPPENING!

Just step OUTSIDE of your goddamn tower.

- Into THIS world.

Wanna know where we're HEADING?

You wanna have a NEW BEGINNING?

- You don't know EMPIRIA

You wanna know where we're heading NOW?

You wanna have a new beginning NOW?

- You gotta know EMPIRIA

And now you can see them SIGNS right about
everywhere you look

And you can SENSE there's something WRONG with
YOURSELF too.

When all the streets are CROWDED and all the beasts
run WILD

And when the WALLS and TOWERS of this town COLLIDE
While you feel so NUMB and TIRED

When looking DOWN from my window
I see a TIRED OLD WORLD that is GONE
And when I look at myself I see that I'm GONE
- Yeah, I'm gone now!
This is THE REAL THING, babe!
This is what's happening NOW!
Just step OUTSIDE of your goddamn tower.
- Into THIS world.

Wanna know where we're HEADING?
You wanna have a NEW BEGINNING?
- You don't know EMPIRIA

[Lead - MV - AR]

Wanna know where we're HEADING?
You wanna have a NEW BEGINNING?
- You don't know EMPIRIA
You wanna know where we're heading NOW?
You wanna have a new beginning NOW?
- You gotta know EMPIRIA

Empiria.
NOW!
