Here today and gone tomorrow our love would always
be a hit'n run affair
I know you love me but I'm just a wanderer
Today I love you but tomorrow I may not care
For absence always makes the hearts grow fonder
I get lonesome for someone's company
You're here today and gone tomorrow and my loving
you is just a fantasy
[steel - fiddle]
When you're gone I wish we'd never met for the
memory remains within my heart
You're here today and gone tomorrow we can't be
happy so I think it's best we part
For absence always makes...
