"They Call The Wind Maria"

A way out here they've got a name for wind and rain
and fire

The rain is Jack, the fire is Joe and they call the wind
Maria

Maria flows the stars around since the clouds're flying
Maria makes the mountains sound like cold wind out
there dying

Maria, Maria they call the wind Maria

Before I knew Maria's name heard her wails and
whining

I had a girl and she had me and the sun was always
shining

And then one day I left my girl left her far behind me
Maria blowed her love to me I need her here beside me

Maria, Maria they call the wind Maria

Out here they've got a name for rain and wind and fire
only

But when you're lost and all alone there ain't no name
for lonely

Now I'm a lost and lonely man without the stars to
guide me

Maria blowed her love to me I need her here beside me

Maria, Maria they call the wind Maria
