Smothered you suffocate,
Choke on me,
Confused you isolate all your intensions,
There's no vaccination...

Gardens that burn from fires,
Evacuate the Angels,
Who stand on funeral pyres,
To escape temptation,
Nothing has been consistent,
Not your life or your vision,
When two hearts burn as one,
Who is the victim?

You're my siren,
Entice my heart 'til it's yours,
You're my siren,
Entice my heart 'til it's yours

These bars are getting to me,
This gray box so isolating,
I've paced in it everyday,
For too long it's been my sentence...

You're my siren
Entice my heart 'til it's yours,
You're my siren,
Entice my heart 'til it's yours

Enjoy your time inside my mind and heart they're yours
Enjoy your time inside my mind and heart they're yours
Enjoy your time inside my mind and heart they're yours

You're my siren,
Entice my heart 'til it's yours
You're my siren,
Entice my heart 'til it's yours

This is yours,
This is yours,
This is yours,
This is my heart
