Verse 1:

I confess the south been good to me
Ain't work three months at the most player I'm 23
Handle it, if I don't duck and dodge know that I'm stuck
It be they shoulda, coulda, woulda boom bow-bow -
buck
A nigga influence, so i choke off dope all day
Quit cho' thirst when the rest of em' ain't got nothin' to
say
More southern fried than fatback
Deadlier than heart attack
Bombs had to be dropped when I heard this fire track
Forever fat, never slack, never lack
Ain't got no problem when layin' a fool flat on his back
Everyday its a hustle, lives gon' juggle
Everybody ain't gon' get paid, somebody gon' struggle
Overtime hustler, do all I can
I put it down for real can't die a poor black man
Nam'sayin' these country boys want millions

And anything else ain't acceptable feelings

It's that country blood in my vain,
thats why I do these buck thangs(buck thangs)
It's that southern blood in my vain,
thats why I do these damn buck thangs(buck thangs)
It's that country blood in my vain,
thats why I do these buck thangs(buck thangs)
It's that southern blood in my vain,
thats why I do these damn buck thangs(buck thangs)
It's that country blood in my vain,
thats why I do these buck thangs(buck thangs)
It's that southern blood in my vain,
thats why I do these damn buck thangs(buck thangs)
Buck buck.....

This country blood I fill my vains and dare a busta to
take it
My southern slang ain't gon' change and I know that
chall' hate it
We make you see this, show no pity for a busta
And if you come slippin' me and my folk gon' have to
touch ya'
You think all we got is trailer parks, rednecks and
chickens
Country Klan folks puttin' brothers down with lynchies
I drank my drink, and smoke a lil' bud
Slang yay with my folks in order to keep my pockets
from actin' up
Push em' up if it ain't enough
I slang my caine as if I had to score a big Carolina
platinum dub
Boy I tell you we bout' comin' up
All these folks wanna know what we be doin' but we
keep it on the hush
So ain't nothin' sisieful when it comes to us
When I went to Elgin y'all say we cuss too much
Surprise we right back at dis' music struggling bo'
Act as though we ain't no it a get played on the radio

It's that country blood in my vain,
thats why I do these buck thangs(buck thangs)
It's that southern blood in my vain,
thats why I do these damn buck thangs(buck thangs)
It's that country blood in my vain,
thats why I do these buck thangs(buck thangs)
It's that southern blood in my vain,
thats why I do these damn buck thangs(buck thangs)
Buck thang

You laugh when we cut the words

But its our corners you come to serve
You bring your product puff, puff, puff, puff, roll the
press
Sold it to a sucker, under arrest
Flirt, got it off big chest
Now you boys listenin' to something that ain't all that
fresh
What to do? I don't know
Bang it, bump it, slum it, man just bump it,
Take it, sang it, roll down the window and just slang it
Man let that suckah fly
My country blood to free for dem' silly lies
Just tell the truth,
you shoulda let dem' southern boys cut cho' pies(pies)

It's that country blood in my vain,
thats why I do these buck thangs(buck thangs)
It's that southern blood in my vain,
thats why I do these damn buck thangs(buck thangs)
It's that country blood in my vain,
thats why I do these buck thangs(buck thangs)
It's that southern blood in my vain,
thats why I do these damn buck thangs(buck thangs)
Buck thang buck thangs buck that's do these damn
buck thangs...
