There Was An Engineer
His Name Was Dr. Means
He Was A Clever Man
He Invented Machines
A Baker Man Came In
Tired Of Baking Bread
Dr. Means Built Him A Robot
Now He Can Stay In Bed

A Business Man Came In
My Stuff's Again On Strike
Please Build Me Some New Guys
That I Can Treat How I Like
A Man Told Him " Listen,
I've Lost My Wife
So He Got A Robot
For The Rest Of His Life

Brave New Automatic World
Nobody Has To Work
Brave New Automatic World
Nobody Has To Work

The Story Ends When Dr. Means
Reached His Highest Goal
When He Found A Simulation
For Himself And For All

Brave New Automatic World
Nobody Has To Work
Brave New Automatic World
Nobody Has To Work
