The Iron Cross

As you run the rainÂ...  
As you run through the painÂ...  
You can hear them screaming (bleeding)  
Now the bullets rain as if from the stormÂ...

Put your axe to the grindÂ...  
Watch them die as they fightÂ...  
Can you hear them crying (dying)  
See the banners fall into defeated scornÂ...

Hail to the lords of warÂ...  
Hail to the Iron Cross

Bow to the church of warÂ...  
Bow to the Iron CrossÂ...

FallÂ...  
In your lineÂ...  
MarchÂ...  
In placeÂ...  
FallÂ...  
In your lineÂ...  
MarchÂ...  
Death paceÂ...

Hail to the lords of warÂ...  
Hail to the Iron Cross

Bow to the church of warÂ...  
Bow to the Iron CrossÂ...

Hail to the lords of warÂ...  
Hail to the Iron Cross

Bow to the church of warÂ...  
Bow to the Iron CrossÂ...

Hail the God of WarÂ...
