universe / can you think of somethin' / do you know  
what the title is? / it  
looks like I forgot the thesis once again / universe / is  
this a repeating  
pattern? / One to Three, I need one more dimension /  
One to Three Two  
One call the time once again / I click it / I click it twice /  
then I click it  
once again ... / universe / I know that you just need me  
to / I start today  
/ we're making way / making way for music once  
again / I click it / I click  
it twice / then I click it once again ... / universe / I know  
that you just  
need me to / I start today / we're making way /  
makin' way for music  
once again / I click it / I click it twice / then I click it once  
again ...
