Girl of the night turn the light switch down bound in the crowd bursting loud sounds all that she needs girl begging me please beauty is just a light switch away

Listen she is my last resource supplies are running dry tonight's gone gunning by falling back relax till im inside crawling under watch these closing eyes slowly stalling in this drunken bind

(girl of the night) In the dark

Girl of the night turn the light switch down bound in the crowd bursting loud sounds all that she needs girl begging me please beauty is just a light switch away

Girl of the night turn the light switch down bound in the crowd bursting loud sounds all that she needs girl begging me please beauty is just a light switch away

Listen make some time lets recourse combined our words define entwine these altered minds thinking fast at last I will confess sinking through she knew im in distress drinking through these few im her request

(girl of the night) in the dark

Girl of the night turn the light switch down bound in the crowd bursting loud sounds all that she needs girl begging me please beauty is just a light switch away

Girl of the night turn the light switch down bound in the crowd bursting loud sounds all that she needs girl begging me please beauty is just a light switch away

Talk of the town she's all about strutting her stuff shawty

Girl of the night turn the light switch down bound in the crowd bursting loud sounds all that she needs girl begging me please beauty is just a light switch away
