It's our daily routine work  
To sail the ship on open surf  
Waking up for daily chores  
Swab the deck and man the oars  
Always try to keep it neat  
Our cabins whole and place of sleep  
You may not like the way we live  
But we love our sailing ship

Sailing on the 7 seas  
Another day is sure to please  
Today your job is almost over  
Tomorrow's goal is to keep it sober  
Captain says OK, lets break  
Come on boys let's see our mates  
Another day our pride is shown  
And now we're going back home

Oh, Anchors Up, It's bound for home
