I know You see when You look at me  
A precious child  
Who wants to be just like You  
Walk in Your footsteps

You watched over me when I was growing  
Now that I'm older I can say

Thank you for saving my soul  
Oh Father  
I thank you for giving me hope  
Oh Father  
I promise my love to You  
And I will follow You always  
My Father

I must confess sometimes it's easy  
To lose my focus  
You can see when I start to forget  
So gently remind me

You're watching over me 'cause I'm still growing  
And You're still showing me grace

I never could have imagined  
How wonderful life could be with You  
And now my heart belongs to You  
I am Yours  
I am Yours
