Believe in me,
When you feel like you're losing all your hopes and
dreams.

Believe in me,
When I am gone, you gotta keep a smile on.

Believe in me,
Goodbye, my friends, just celebrate the times we
spent.

Believe in me,
We all die, it's in our fully big adventure.

Believe in me, when I'm gone...

We all fall down,
We'll pick you up

We all fall down,
We'll pick you up

Believe in me,
Just keep your faith and believe in all that you make.

Believe in me,
My love is not a gamble, you can count on me.
Believe in me,
No lies just love, I will be pure just like the sun.

Believe in me,
When you are down, I will lift you up from the ground.

Believe in me, when I'm gone...

We all fall down,
We'll pick you up

We all fall down,
We'll pick you up

Don't be afraid of death,
It'll come at you at the speed of light.
But if you're not afraid of death,
It'll cast it's shadowy eyes upon you...
And guide you to eternal infinity

Believe in me,
When I'm gone...

We all fall down,
We'll pick you up

We all fall down,
We'll pick you up

I love you...
