I've been saving my money
Yeah it does no good
I've been wasting my money
Yeah it does no good
Lookin for a way out
Lookin for a way out

I've been waitin for something
You said that yooou
But it never ever comes
You said that yooou
I've been waiting for someone
You said that yooou
But they never ever come

Step Back Step Back Step Back Step Back
Step Back Step Back Step Back Step Back

I've been saving my money
You said that yooou
Yeah it does no good
You said that yooou
I've been wasting my money
You said that yooou
Yeah it does no good
You said that yooou
Lookin for a way out
Lookin for a way out

Step Back Step Back Step Back Step Back
