Possible translations:

Fucking.....

I'm.....

What you say.....

Sight look at the people.....

Licking in my fucking face.....

Around her neck.....

Look at that girl look at the people.....

What you say

Pulled down her kacks.....

I stuck my fingers up it.....

Ho's.....

Wondering what to do

Doing nothing....

Look at him....

Down with the Ho's.....

One two three.....

What you say what you do

You do not

Or ask Dugs Mullooly what the fuck is living in his head.
