She's melting
She's melting
O! o! o! she licked me like I'm ice cream

Dipper with my dipper
We be drinking up the liquor
Party like a birthday
Shake it like an earthquake
Melting like an ice cream cone
Going for her danger zone

Go and suck my lollipop
Sugar sweet cherry topp
Fur shure fit
To legit
Hot spot
Twirk it bitch
Strip it down
Work it up
Baby let me
Fill your cups
O to the m to the m to the g
Sticky messy
Taste my treat
But I love it when you
Scream for my ice cream
Tell me all your dirty dreams
Scream for my ice cream
Well show me what's your fantasies
X2

Lets get this party started!
Drink till we get retarded!

She lick me like an ice cream
Ha! ha! ha! what the fuck
You know that we do it rough
Move your feet to the beat
With this shit this songs complete
Move that body super sweet
Always like an ice cream treat

Got a monster in my pants
And if you ever get the chance
Gunna cram it down your throat
Watch you gasp for air & choke
I'm gunna jizz all in your face
I'm gunna wreck this fucking place
Pull my hair smash the chair
Break the bed & give me head

Scream for my ice cream
Tell me all your dirty dreams
Scream for my ice cream
Well show me what's your fantasies
X2

Lets get this party started
Drink till we get retarded

She lick me like an ice cream

You can taste my ice cream
We can be a sweet team x7

Scream for my ice cream
Tell me all your dirty dreams
Scream for my ice cream
Well show me all your fantasies
X2
