Hey man get up
It's time to live a little
Time to lighten it up
Limousines - yes!
Could you please wear a shorter dress?
Compromise - no
It's time to live a little
It's time to let it all go

And I hope you don't care
How we feel out there
And I hope you don't know
What we're talking about
I don't even bother to stay
Already on my way

Hey man give up
Destroy the evidence
Even police are corrupt
Money's fine - yes!
We will settle for nothing less
Compromise - no
This time we'll stand, we'll never
We got to let it all go

And I hope you don't care
How we feel out there
And I hope you don't know
That
All we really want is someone to ignore us
Cause all we ever get are people who control us
So please watch what you say in this conversation
Cause desperation is our inspiration
Yeah
Why do we even bother to stay?
We should be on our way now
Now
Now
Now
Now
All we want is for someone to ignore us
Cause all we ever get is people who control us

Please watch what you say in this conversation
Because desperation is our inspiration
