"This kinda goes like dynamite knack's boys in the hood"

I woke up won morning almost o.d'ed and died. i  
should of told my mom i put  
crack in my fish fry. Got drunk last night, started to  
preach. about a volley  
ball playa named Holly Mcpeach. She was a pretty hot  
girl with double d's and  
always smoked pot with Brad and me. Then one day  
she screwed up my car. then  
started making out with Steve Savard. I yelled at her  
threw her out my house  
and said that she was a dirty mouse. slapped that  
b\*\*\*\* and she ran away saying  
what the hell is wrong with j???..... Chorus: were  
slaves on dope, dont  
like the folk if you mess with us will never ever cope.  
got a bunch of thugs in  
the back if you coo wid them will start to mack.....I had  
a little kid his name  
was john. liked to play around all the time. Ate chicken  
in the house with my  
dad. Always thought his grandma was pretty phat. I got  
kinda mad at him one  
day. WHen he told his dad that i was gay. Took him in  
the shed gave him a  
beaten. Now he never knows how to greet me. I !  
told him once to not make fun of me then a tornado  
swept him up and he hit a  
tree. I felt so good for the very next day. So i sung this  
song that doesn't  
mean hay. cus most this crap is really fake except that i  
enjoy the movie called  
half-baked..... Repeat chorus 1 more time!
