you find yourself
in circumstances that you can't control
you follow me around everywhere
everywhere i go

it's the way you want it
and it's the the way i've worked it out
it's the way you want it
and i'll always let you down

all the things you'll never be
further down you'll walk with me
but once i have the things you want
now i have something you need

i want to give you more
i want you addicted to me
i want to give you more
i want you addicted me

i don't mind pretending i'm someone else
whoever you want me to be
as long as i'm inside you
you'll never want me to leave

it's the way you want it
you'll never be alone
it's the way you want it
to trust in me and now i have control

all the things you'll never be
further down you'll walk with me
but once i have the things you want
now i have something you need

i want to give you more
i want you addicted to me
i want to give you more
i want you addicted me

i want to give you more
i want you addicted to me

i want to give you more
something that no one else can give

i want to give you more
i want to give you more
i want to give you more
i want you addicted to me
