Here we come gonna shake up the earth
Here we come gonna kick up some dirt
Here we come hide your women and your weed
Here we come and we spread like disease
Here we come with the funk rain sleet hail snow
Here we come with the funk its time to let you know
Here we come fill the air like a shotgun blast
Kick in your face than take out the trash

Why cant you believe in the words don't you ever listen
Now do you believe that we won't go away
What can you believe in the words we won't go away

Step off I can't take it step off I'm deranged
Step off I can't fake step off before I go Insane

Blowing up like you knew that we would
River rat style gonna give it to you good
Running ya down when I take to extremes
Whipping that ass like Austin 316
Who can ignite give it to ya right
Shake up the ground all God damn night
Kapow how ya like me now
Burning hot going off like kaklow, kaklow

Why cant you believe in the words don't you ever listen
Now do you believe that we won't go away
Why can't you believe in the words we wont go away
Step off I can't take it step off I'm deranged
Step off I can't fake step off before I go Insane

Step off I can't take it step off I'm deranged
Step off I can't fake step the fuck off

Nothing you could take from me
Even if you make me bleed, I won't drop
Step off - you can't take me down
Leave you buried in the ground I wont stop [Repeat]
I'm straight at you 2 fisted.

Aw yeah, gonna flex for you
This is the way I bring wreck and snap necks in two

Bad ass, crazy bastard
One, two, mike check, the lyrical assassin
Heads up when the sound comes crashing
Like a train wreck to the heads that we done smashed
in.
Hard like the man of steel
You steppin up you get crushed beneath the wheel
(what?)
Ya better change your direction
Step back and get some protection
You don't want none of me
I see that look in your eyes like I'm a side show freak
