Just look in my eyes, as I dismantle
Raging inside, I fly off the handle
Forcing you out, this is the conclusion
And breaking you down, the only solution

Lies, hate, it's all that remains
Force-fed and stunted and driven insane
Separation, subjugation
All my life, suffocation
You can't take this heart away
You can't take this part of me

I will (I will)
Survive (Survive)
By taking your life if I have to

I will (I will)
Get by (Get by)
So look in my eyes when I tell you

Displaced
Burning away
It's such a waste to defend my existance

Insane
Feeding the flames
I'll never change just build my resistance

Displaced
Burning away
It's such a waste to defend my existance

Insane
Feeding the flames
I'll never change myself

Fuck your God
It's yourself, your image perfected
A God that you made, a God that's infected
Inbred and muted, this is the downpour
And so polluted, you get what you ask for

Bullshit
A gallon of piss
I'll watch as you choke while I'm feeding you this
Strangulation, mutilation
One by one elimination
All your life lobotomized
And all your life homogenized

I will (I will)
Stand tall (Stand tall)
By fucking you up if I have to

I will (I will)
Not fall (Not fall)
By sucking it up when I need to

Displaced
Burning away
It's such a waste to defend my existence

Insane
Feeding the flames
I'll never change just build my resistance

Displaced
Burning away
It's such a waste to defend my existence

Insane
Feeding the flames
I'll never change myself

Worthless, your worthless, I'm worthless, it's
Worthless
Worthless, your worthless, I'm worthless, it's
Worthless

Worthless, I'm worthless, your worthless, it's
Worthless
Worthless, it's worthless, I'm worthless, your
Worthless

Displaced
Burning away
It's such a waste to defend my existence

Insane
Feeding the flames
I'll never change just build my resistance

Displaced

Burning away
It's such a waste to defend my existence

Insane
Feeding the flames
I'll never change myself
