This, this a dark this is a place I can't escape would you  
leave me here  
Lying in wait hanging like baits strangled by fate would  
you even care  
This is my curse this is my life this is my Christ my crow  
of thorns  
This is the way the way that I die, die and be reborn  
Dying to touch you I need you I love you  
to make me to mold me to break me again  
I can't deny that I'm hurting inside as  
I'm pulling you close you push me away  
As I look just to find my existence and open my eyes  
I can't breath as you push me aside  
Now I feel that it's time to die as I realize how you let  
me believe in a lie  
As i struggle with both hands and  
I try to arise from the sadness inside of myself  
I cannot breath I'm burning alive cause I've lived  
through a season in hell  
Look, look at my face shaded in gray wasting away I'm  
almost gone  
I can replace this empty space you left me all alone  
Why can't you see me I'm hanging here bleeding  
it's tortured and twisting my insides apart,  
laughing and crying as ever things dying in me  
and it's breaking my heart  
Save me now  
I'm in the shower of your love  
Can you feel your life pass you by  
Can you see the sun in the sky  
Life is calling you again, again  
Can you feel the end?
