Spill these lies all you ever want to do is
Fill these eyes with tears it's all you need to do to
Magnify everything about you is to justify
To feel my pride

Ready to catch a fistful now I'm coming at you like the
crack of a pistol
Duck, said you run out of luck everything about you
says I don't give a fuck
You don't know what the pain does to me on my knees
in a world where
I can barely breathe and did you think I'd let you get
away
From just a piece of the pain that you left me with
everyday

Spin your hate all I ever needed was to
Demonstrate you and all your fucked up rules
I cant relate every time I try to leave
I cant escape, I see your face

Ready to catch a fistful now I'm coming at you like the
crack of a pistol
Duck, said you run out of luck everything about you
says I don't give a fuck
You don't know what the pain does to me on my knees
in a world where
I can barely breathe and did you think I'd let you get
away
From just a piece of the pain that you left me with
everyday

Taste this anger ripping you open
Impending danger something you lost
Can I have a moment of silence
And now your gone

Get off get off coming up behind you
Get off get off coming to remind you
Get off get off don't you test me
Get off get off get off get off

Get off get off coming up behind you
Get off get off coming to remind you
Get off get off don't you test me
Get off get off get off get off
