How can I fail
Again I swear i'll let you down
How can I fail
Again I swear
You'll feel the craze
Smiles and blades
Source of confusion
Plucking away
This is the union
This the day
This is the answer
This is the game
Try (try)
My (my)
Death through the failure that's breakin me outta my
Life (life)
I (I)
Cry (cry)
How can I fail (anything and everything inside of me
that I can't reach)
Again I swear I'll let you down? (anything and
everything at all)
How can I fail? (anything and everything inside of me
that I can't reach)
Again I swear
I'm falling down
Down in this
Hole
Taking it's
Time
Taking it's
Toll
Closing the
Casket
Digging the
Grave
Better to
Die
Than live like a
Slave
Lie (lie)
I (I)

Fell from the mirrors reflection that burns through my
Eyes (eyes)
I (I)
Cry (cry)
How can I fail (anything and everything inside of me
that I can't reach)
Again I swear i'll let you down (anything and everything
at all)
How can I fail? (anything and everything inside of me
that I can't reach)
Again I swear
I'll let you down
I can feel the ugliness
Within the sickness
Crawling in my skin
It's reconstructing me again
This life
This ugliness
No way to escape from the silence
That takes me
Over and burns me alive
It's suffering
That I can't wait (suffering)
That I can't wait to die
How can I fail (anything and everything inside of me
that I can't reach)
Again I swear i'll let you down (anything and everything
at all)
How can I fail? (anything and everything inside of me
that I can't reach)
Again I swear
It's time to die
Fuck you and die
Fuck you and die
Fuck you and die
Fuck you and die
Fuck you and die
Fuck you and die
Fuck you and die
Fuck you and die
