Young and free, but it doesn't take me long  
Na na na, na na na, na na na  
To be friends with someone just like you  
Na na na, na na na, na na na

There are things, little things I like to hear  
Na na na, na na na, na na na  
There are things that you sounded so well  
Na na na, na na na, na na na

Chorus  
So is it for real you I love or am I fooled by what I see  
Should I try to make it fit or should I just believe in me  
Woe oh  
My dreams of you  
all the time, all the time, all the time  
There is nothing I can do  
For your image is left printed in my head  
Very hard  
This image of you  
all day long, all day long, all day long  
So is it for real you I love or am I fooled again by what I  
see

How I wished you are here again  
Na na na, na na na, na na na  
By my side for another day or two  
Na na na, na na na, na na na

I would abandon my spirit to your charms  
Na na na, na na na, na na na  
Even though I feel I would get nothing else of you  
Na na na, na na na, na na na

Chorus
