Hello, could you be my destiny
I don't know but you sure look sweeter
than anyone I've ever seen
Hello, I tried to call to see just how you've been
It's your machine and you're
not there again
I try you in a little while
Okay, goodbye

It always seems no matter what I say
You never look at me you look
the other way
You don't know what you're missing, why don't you just
kiss me
It always seems no matter what I do
I try and try oh but I can't get through
What does it take to make you see
that you are the one for me
but you are so oblivious

Hello, you saw me flirting with
that other guy
You can't deny it didn't catch
your eye
And peaked your curiosity
Hello, well did you notice that I dyed my hair

Your favourite colour blue
but do you care
That I don't want no one else but you
Well and maybe you

It always seems no matter what I say
You never look at me you look
the other way
You don't know what you're missing, why don't you just
kiss me
It always seems no matter what I do
I try and try oh but I can't get through
What does it take to make you see
that you are the one for me
but you are so oblivious

Oblivious, oblivious
Oblivious, oblivious, oblivious

It always seems no matter what I say
You never look at me you look
the other way
It always seems no matter what I do
