Hometown sweethearts who ran in the dark  
Only made a move or two  
I was just a yung school never been to night school  
Did not know enough to be cool  
So she found another lover  
They went undercover  
Then she stomped my heart into the ground  
Only keep the peace by calling out the police  
Finding that I lose my mind.

Chorus:

Woman I love done gone and left me alone  
She got a big fat record for the heartbreak radio.  
A complete investigation  
What's her destination?  
Cover on suspucion  
Look at my condition  
She left me here to take the fall  
The group said she would play rough  
She ought to be in handcuffs  
Needs to wear a ball and chain

She booked at the hospital  
Only I would love her  
She knew how to play the game.

Chorus:

Woman I love done gone and left me alone  
She got a big fat record for the heartbreak radio.  
Oh mama come home  
Tell me when  
Tell me now  
Hey mama I need you

Lonely heart  
In distress  
Sending out an sos  
All across the usa

Come back and serve your time  
Right here here in this hall of mine  
Got to have you home today

Fbi, cia help me please.

Chorus:

Woman I love done gone and left me alone  
She got a big fat record for the heartbreak radio.

Chorus:

Woman I love she done gone and left me alone  
She got a big fat record for the heartbreak radio.

Chorus:

Woman I love she done gone and left me alone  
She got a big fat record for the heartbreak radio.
