Cut my teeth in kentucky, dynamitin' coal,
Turned sixteen on a tanker, haulin' crude from mexico,
Worked my way up to washington, made the timber
fall,
Had a card in every union and I never missed a call,
Put me on the time clock, there ain't nothin' I can't do,
How can you tell me there's no room on the crew

Chorus:

There's no room on the crew,
Hell , I've heard that line before, yeah, I've heard it
before,
Tell you what I'm gonna do to prove you can use one
more,
Put your five best men together and if they fill my
shoes,
Then you can tell me there's no room on the crew
Picked tennessee tobacco till the hard times ran me
out,
Rolled steel up in gary, they closed that big mill down,
I did my best in detroit city, they cut production back,
Worked hard on the seaboard, for the railroad laying
track,
I gotta feed my family, there ain't nothin' I wont do,
How can you tell me there's no room on the crew

Chorus:

There's no room on the crew,
I've heard that line before, I've heard it before,
Tell you what I'm gonna do to prove you can use one
more,
Put your five best men together and if they fill my
shoes,
Then you can tell me there's no room on the crew

Chorus:

There's no room on the crew,
I've heard that line before, oh before,
Tell you what I'm gonna do to prove you can use one
more,
Put your five best men together and if they fill my
shoes,
Then you can tell me there's no room on the crew,

Then you can tell me... there's no room on the crew
