Is this how it ends? We're strangers again  
It's over but you won't explain  
No kiss, no goodbye, not one final lie  
Just cold to the bone from the  
Ice that's runnin' through your veins  
You've got stone in your heart

Stone in your heart  
Like the wall is keepin' us apart  
Stone in your heart

Don't you recall the fire and all  
That melted in my arms every night  
But now you forget, no passion, no sweat  
You poured out your love  
And you're tellin' me your well is dry  
You've got stone in your heart

Stone in your heart  
Like the wall is keepin' us apart  
Stone in your heart

Run away and hide, keep it inside  
Make believe it never happened  
All you're gonna do is keep fooling you  
Some day you'll find love's been passin' you by, by

We're gonna fight, then let's do it right  
I'm gonna get it over now  
There's no feelin' left, no pride to protect  
You don't want my love  
I don't need you here in a wedding gown  
You've got stone in your heart

Stone in your heart  
Like the wall is keepin' us apart  
Stone in your heart

Stone in your heart  
Like the wall is keepin' us apart  
Stone in your heart

Stone in your heart  
Stone in your heart  
Stone in your heart
